## Regions facing shocks: building resilient community

Our website: <https://reface-project.eu>

# ***REFACE MOOC***

## ***WELCOME***

ReFace MOOC aims to contribute to the adaptability and resilience of regions in order to enable them to thrive despite adversity and crises by enhancing the knowledge and skills of key stakeholders.

ReFace MOOC will raise awareness on how regional actions shape the response to major economic, social and environmental challenges, and on suggested tools, methods and elements for effective policy making and adoption of integrated regional/local policies.

The course will guide you in the analysis of resilience, its various levels and types, with specific focus on regional resilience and its life cycles. It will examine the concepts of risks and hazards, as well as the regional resilience components and their interconnections. You will also get an insight into regional resilience planning and learn about the necessity to engage and cooperate with the community and regional key players for appropriate strategies, plans and implementation of resilience building, as well as to measure the impact of the planned measures and funding.

# ***NEXT STEPS***

## ***JOIN THE REFACE MOOC!***

**Module 1. Resilience basic: Roots and Framework:** Basic terminology, types of resilience and the interconnections. Long-term and short-term integrated planning.

**Module 2. Regional resilience: Life Cycle and components:** Resilience life cycle and its phases. Risks, hazards & components of regional resilience and their interconnection.

**Module 3. Regional Resilience Planning: Key Players' Engagement & Vulnerability Assessment:** Cooperation & engagement of regional key players. Process of risks and vulnerability assessment of a region, hazard & risk map development.

**Module 4. Regional Resilience: Implementation, Measuring & Funding:** Problems statements and simple short- and long-term resilience plan. Basic metrics for regional resilience tracking, evaluating, and reporting and propose a simple funding strategy.
