Regions facing shocks: building resilient community

Our website: <https://reface-project.eu/>

OUR MISSION

The primary objective of the project is to improve knowledge and skills in the field of resilience of regions on the systemic and political level.

It aims to improve regional adaptability and resilience by providing training of the public administration employees and other stakeholders in the area of regional development.

Objectives

- To increase the adaptability of regions and their resilience in order to thrive despite adversities and crises;
- To develop competences, knowledge, and skills in the area of resilient regions and community building;
- To provide effective tools and methods for the development of regional policies;
- To promote the exchange of good practice and the creation of an informal network between the political authorities involved.

OUTPUTS

The ReFace project will produce 6 innovative outputs

- **European Report** on resilient regions preparation aimed to identify and forecast the future skill and training needs in the area of resilient regions building;
- Syllabus for the MOOC “Regions facing shocks: building resilient community”, including topics covered, assignments and assessments, methods of delivery;
- **MOOC** (Massive Open Online Course) “Regions facing shocks: building resilient community” for public administration and HEIs students in the area of public administration and regional development;
- 3-day joint staff **training** event (France) on resilient community building;
- The **road map** "Supporting a Resilient Region - a tool for the Sustainable Communities" offering advice and tools in one place;
- 6 regional **workshops**.
